SUBCONTRACTOR GUIDE

Get Trustd-verified

SECURED BY Trustd

TEG TRANSPORT EXCHANGE GROUP

What is Trustd verification

Trustd verification ensures every driver on the Exchange is verified and **Trustd-compliant** to the same standard. An even playing field, no exceptions.

How Does It Work?

1 Check your phone

Your fleet manager will invite you to join the Exchange and create your Trustd profile. Follow the instructions to get started.

2 Provide information

You will be guided to provide information and upload your documents such as vehicle insurance

3 Fleet manager review

Once your profile is ready, your fleet manager will review and attest your profile, then your ready to roll!

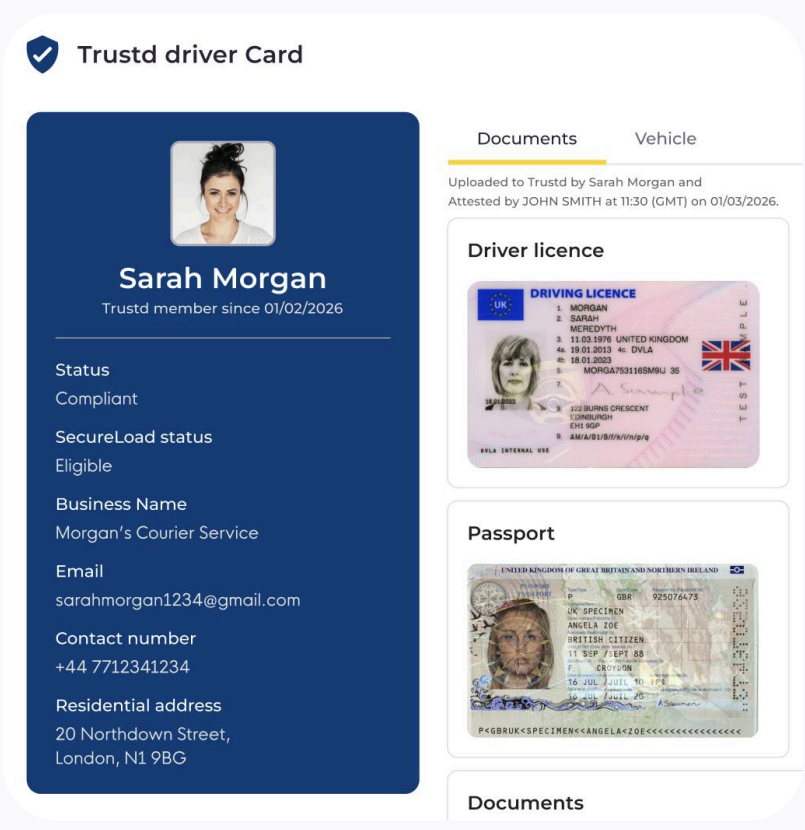
Driver Management benefits

- **Hassle free:** Complete your profile in minutes, then your ready to win work
- **Fair competition:** Verified drivers compete on an even playing field, protecting legitimate businesses from syndicates.
- **Become Trustd-verified:** Ensure you are up to date and compliant
- **Win more:** Only Driver Management verified drivers can complete SecureLoads on the Exchange

Tip for your profile

We have a suite of guides and tools to help you with your profile if you need it, just visit our Help Centre for more info.

Your driver card



Hassle free: Once you create your profile and upload your documents, your fleet manager will review and attest your driver card, containing all your compliance info.

Your professional profile

By completing your profile, you are joining a network of trusted drivers. Your verified Trustd profile is shown as part of your fleet, helping showcase the commitment to security and transparency.
